OBJECTIVE

To find a position in product management or web development which utilizes my technical skills.

EXPERIENCE

Creator | Find12steps.com

JANUARY 2018 – PRESENT

Creator and sole-developer for a web application which allows users to search over 2,300 12-step programs in the San Francisco Bay Area. Created using the MERN stack (MongoDB, Express, React, and Node).

Director of Product Strategy | naviHealth / RightCare Solutions

MARCH 2015 – JANUARY 2017

Product manager / owner for 3 SaaS applications in the medical care transitions space. Championed conversion of the company's SDLC from a waterfall-like process to an agile process. Responsible for the product backlog, weekly agile meetings, market analysis, and stakeholder relations/feedback.

Director of Client Services | RightCare Solutions

APRIL 2013 – MARCH 2015

5th Employee of a venture-backed startup. Acquired by naviHealth in December 2015. Responsible for the solution deployment, and client management at 4 hospital sites. Worked closely with the development team to create new software requirements based on client feedback.

Director of Professional Services, Western US | Awarepoint

JANUARY 2011 – FEBRUARY 2013

Managed a team of 5 during 40+ hardware / software solution implementations across several healthcare systems. This was during the company's biggest year of growth, covering 21 million square feet of hospital real estate.

Account Manager | Awarepoint

JULY 2009 – JANUARY 2011

Worked closely with hospital administration at 6 hospitals to document and drive ROI. Played a key role in developing time-study metrics to increase patient throughput at the University of California San Diego Moores Cancer Center.

ICU / Trauma Nurse | Truman Medical Centers

JULY 2007 – JULY 2009

Staff Trauma Nurse at a Level 1 Trauma, non-profit hospital. Worked in direct patient care on several high-acuity units including: SICU, MICU and CCU.

SKILLS

- JS development (NodeJS, ReactJS, JQuery, ES6)
- NoSQL databases like MongoDB
- Linux web server configuration
- Prototype design using Axure RP
- Product Management (TFS, JIRA, etc.)
- Project Management (MS Project)
- Healthcare Systems / Trauma Nursing
- Windows Hardware/Software Troubleshooting

EDUCATION

Front End Development Certification | FreeCodeCamp.com

FEBRUARY 2017 – JUNE 2017

Completed over 450 hours of front end work focusing of Javascript, JQuery. Completed over 300 hours of ReactJS coding challenges, and 200 hours of NodeJS challenges.

Masters in Nursing and HealthCare Professions | University of Iowa

SPRING 2006 – SUMMER 2007

B.S. Psychology, Minor in Philosophy | University of Iowa

FALL 2001 – FALL 2005
